

# Certificate II in Construction

**Course Code: CPC20120**

Are you interested in the building and construction industry? Enrol with Camden College in this entry level qualification and learn skills such as how to use construction tools and equipment, work safely at heights, carry out concreting to simple forms as well as carrying out measurements and calculations. The qualification has core units of competency that are required in many Certificate III qualifications. The elective options are structured to allow choice from a range of units aligned at Certificate III level.

Camden College has an excellent simulation area with all the tools and equipment you need to learn about the construction industry.

## **ENTRY REQUIREMENTS**

- Basic computer skills
- English Proficiency level for the training course reading, writing and comprehension skills
- IELTS 5.5 or equivalent
- Minimum 18 years of age

| CPCCOM1014 | Conduct workplace communication             | RIIWHS202E  | Enter and work in confined spaces  |
| CPCCOM1015 | Manage project human resources              | CPCCCM2008  | Erect and dismantle restricted height scaffolding                            |
| CPCCCM2006 | Apply basic leveling procedures             | CPCCCM2009  | Carry out basic demolition   |
| CPCCCM2012 | Work safely at heights                      | CPCCSF2004  | Place and fix reinforcement materials  |
| CPCCOM2001 | Read and interpret plans and specifications |             |  |

### RECOGNITION OF PRIOR LEARNING

This Certificate is designed to introduce students to the recognised trade callings in the construction industry and provide meaningful credit in a construction industry Australian Apprenticeship.

This course is designed to cover topics common to all construction industry trades, including construction industry induction training and the fundamentals of bricklaying, simple concreting and tiling.

As this is a course designed for students with little to no vocational experience (apart from assistant labourers, for example), the College will not offer RPL to ensure students have the opportunity to undertake training in 'current' industry skills and knowledge.

Credit will be given for units of competency for which a certified copy is produced, subject to the College's own verification. This will be identified prior to course commencement to enable any adjustments to the course program to be finalised.

### CAREER OPPORTUNITIES

- Construction Trades Worker
- Construction Apprentice
- Construction and Mining Labourer

National RTO Code: 41492 • ABN: 32 603 489 685 • CRICOS Provider Code: 03911C
